

Alexandria Gazette.
MONDAY EVENING, JULY 25, 1904.
Local Matters.
Sun rises tomorrow at 4:54 and sets 7:18. High water at 6:51 a. m. and 7:04 p. m.
WEATHER PROBABILITIES.—For this section cloudy, showery weather tonight and Tuesday; light north to northeast winds.

Manassas Manoeuvres.
Locations for the camp at the Manassas manoeuvres have been selected and the board named to work out the problem has made its report, which is now in the hands of Major-General Corbin, who will be in supreme command. One camp on the battlefield is to be two and one-half miles west of Manassas on the Southern Railway, and the other immediately east of Thoroughfare, on the same road. The site of the headquarters, where General Corbin and his staff will be located, is on the Warrenton turnpike, near Gainesville.

The officials of the traffic and passenger departments of the Southern Railway Company are very busy in their preparation for the mammoth army manoeuvres that are to be held at Manassas during the early portion of September. As all of the troops will have to be transported to and from the site selected for the rendezvous by the Southern, something of the undertaking that is before the railway people can be appreciated. There will be 30,000 men, one-third of whom will be from the regular army, in the movement, and all of them will be transported over the railroads. Some of the troops will come from the north, but these will have to be handled from Washington over the Southern. Most of those from the South will go exclusively over this system, and those who do not will have to go to Washington over the Atlantic Coast Line, to be turned over to the Southern at Washington or Alexandria to be taken to Manassas. The Southern has prepared a blue print of the proposed camp showing the grounds selected and its division into quarters for the various troops. A total area of 65,000 acres has been secured for this purpose by the War Department at Washington. This land is all located along the main line of the system, and on the branch running into the valley, which will include the historic battle ground of both of the Manassas battles, as well as that of Haymarket and Gainesville. One of the three camps will be on Bull Run and the other two will be near Thoroughfare and Gainesville. As already indicated, the Virginia quota in the camp will be composed of the Seventieth Regiment and Battery A, the famous Richmond Howitzers.

The Firemen's Parade.
For several weeks past firemen in this city have been endeavoring to interest members of the different companies as well as the citizens generally in the firemen's convention and parade here next month. A called meeting of the Firemen's Association will be held tonight for the purpose of making arrangements for these events. The citizens who are aiding in the movement held a meeting last week at which it was announced that they had met with much encouragement from the business men and others. There is, however, a slight offset to this in the fact that one company, at least, the Columbia, has manifested apathy which may give way to earnestness as the time for the convention and parade draw near, though it is a fact that so far this organization has not had a satisfactory number of members at the meetings which have been called on these interests. There will be another meeting on the 28th instant when it is expected there will be an increased attendance. There is said to be dissatisfaction in the ranks of firemen, superinduced by various causes, chiefly by the new constitution of the State, which no longer exempts firemen from jury service. They also allege that the people of the city do not show the interest in their mission they think it due. The many friends of the company hope the members will discard the prevailing lethargy and vie with their fraternal next month in making the parade a success. A percentage of the organization are earnest advocates of such a course; and it is believed all will eventually fall in line.

River Notes.
The barkentine Enita, which has recently been loaded at W. A. Smoot & Co's wharf with railroad ties for Boston, is ready to sail.
The schooner John A. Bickerman, lying at the same wharf, has about completed loading ties, and she will also leave for Boston in a few days.
The schooner T. Towner, from Severn river with sand for the Old Dominion Glass Works, is unloading at W. A. Smoot & Co's wharf.
Capt. Frank V. Kintz, who has been master of the Columbia Sand Company's tug J. T. Sealeman for several years past, has relinquished the command of that vessel and entered the service of A. J. Taylor & Bro. He has been assigned to the command of the tug D. M. Key, employed in harbor work.

Cool Sunday.
The threatening weather of Saturday and last night was followed by heavy showers and northeast winds early yesterday morning, and cooler weather prevailed. Conditions were uncertain yesterday, and at times light showers prevailed. The temperature was in marked contrast to that of the previous Sunday when the atmosphere was humid and sultry. The average temperature yesterday was 68. Yesterday morning the mercury got down as low as 60, and the highest point reached yesterday afternoon was 76. The weather was unusually cool for this season of the year. The city was quiet throughout the day. The church attendance was below the average. The weather was rainy this morning with no material rise in the temperature, but warmer weather is forecasted for tomorrow.

Railroad Accident.
The north bound passenger train of the Southern Railway which passed through this city at an early hour this morning collided with a shifting engine at Sixth street and Maryland avenue, Washington. Both engines were considerably injured and the running of trains between this city and Washington was impeded for several hours by the accident.
David B. Herrington, of New York State, has sold to Daniel J. and Ernest W. Miller his farm near the Seminary in Fairfax county, for \$3,800 cash.

Personal.
Mr. Laurence Stabler, who has been quite sick for the past few days, is improving.
Rev. H. J. Cutler, pastor of St. Mary's church, accompanied by Bishop Van de Viver, is spending some time in New York.
Miss Edith Owens is visiting friends in Culpeper.
Mr. J. T. Callahan has returned from a visit to Sussex county.
Mr. Jacob Brill, representative of Alexandria Lodge of Elks to the national council at Cincinnati, has returned.
Mrs. John Kerfoot, of Clarke county, is visiting her aunt, Mrs. Benton Chinn, on south St. Asaph street.
Among last week's arrivals at Capon Springs were Mrs. Cassius F. Lee and Miss Bessie L. Lee, of Alexandria.
Rev. Dr. S. A. Wallis and Rev. Dr. R. W. Micon, of the Theological Seminary, preached at Grace and St. Paul Churches respectively yesterday morning, and at the Baptist Church both services were conducted by Rev. Mr. Clayton, of Washington. The other pulpits were filled by the resident clergymen.
Miss Edna F. Entwistle, of Baltimore, is the guest of her grandmother, Mrs. Mary Entwistle, of south Lee street.
The Rev. Mr. Massie, of the Theological Seminary, Alexandria, is spending some time at Virginia Beach. Miss Bessie Janney, of Alexandria, is the guest of the Misses Wilson, at Holy Farm. Mr. Fred Arps entertained several friends on Thursday evening at supper at the Chesapeake Club. His guests were: Miss Bessie Janney, of Alexandria; Misses Fannie and Louie Wilson and Miss Eloise Chamberlaine. [Norfolk Landmark.]

Robinson's Shows.
A cotemporary in speaking of John Robinson's shows says: "The largest tent show that has visited this place for years camped on a ten acre lot. The large field was well occupied, too, and the claim that the show consists of 10 shows combined appeared to be about correct. The show is of immense proportions. It carries with it an army or people. It travels on its own cars and gives other evidences of being among the foremost tent shows now before the public. Its manager is extensive and boasts of a number of rare specimens of the animal kingdom. The two performances which it gave were creditable. Both were largely attended." This mammoth show will be in Alexandria on the 3d of August. Robinson's shows were always among the best, and this year they surpass all others.

The Dog List.
Mayor Simpson today handed to the police force a printed list of names of such persons who have paid licenses to keep dogs. It was prepared by the City Auditor and is arranged in alphabetical order. The names of colored persons are marked by a star, and opposite each name is the address or residence given when application was made for licenses. Every person owning dogs has had fair and full notice, and many deliberately pay no attention to such matters. Such persons when reported will be summoned to appear in the police court and answer the warrants. One hundred licenses less this year than last year have been issued thus far.

Struck by Electric Train.
A north-bound electric car running "extra" from this city to the Four Mile Run powerhouse late Saturday night struck and demolished a wagon and killed a horse. J. L. Christian, colored, who lives near Hume's Spring, in Alexandria county was driving the team. He escaped injury. The vehicle was struck fairly in the centre and the contents (market truck) were scattered in every direction. The accident occurred at the crossing a short distance north of the St. Asaph station. The car was in charge of Motorman John Bell. Every effort was made to stop the car when the wagon was seen on the track, but the distance was too short.

Another Barge.
The Dougherty tugboat Dauntless arrived here Saturday evening with a barge in tow which is to be used in the Baltimore and Ohio transfer service between this city and Shepherd. The barge which has been used for many years was taken to Baltimore for repairs. That brought here Saturday and now being used was placed in commission thirty years ago when the transfer service was established.

Injured By a Train.
Samuel Weaver, a deck hand on the tugboat Eugene, belonging to Mr. L. E. Smoot, while leaning against a post on W. A. Smoot & Co's wharf this morning, was forced against the post by a backing train and knocked overboard. He was immediately rescued by persons employed on the wharf and later taken to the Alexandria hospital for treatment.

Two More Stamping Offices.
The Virginia committee of the Southern Tariff Association held a meeting in Richmond on Saturday and decided to establish two additional stamping offices in the State in the near future. One is to be at Lynchburg and the other at Alexandria. The association has offices now at Richmond, Norfolk, and Roanoke.

Police Court.
[Justice H. B. Caton presiding.]
The following cases were disposed of this morning:
George Gray, colored, arrested by Officer Roberts charged with assaulting and beating Alonzo Travers, had his case continued.
Isaac Gibson, colored, arrested by Officers Knight and Beach charged with disorderly conduct and with discharging a pistol in the street, was fined \$25.
E. Young, colored, arrested by the same officers charged with fighting, was dismissed.
John Sims, arrested by the same officers for disorderly conduct, was fined \$2.
A man, arrested by Officers Allen and Mayhugh, charged with indecent conduct and with being drunk in the street, was fined \$5.
A young man, arrested on suspicion of stealing four coconuts, had his case continued.

A colored woman, arrested by Officers Beach and Knight charged with allowing disorderly proceedings in her house, was fined \$10, and three colored women arrested by the same officers for vagrancy, were fined \$5 each.
Ellis Madden, colored, arrested by Officer Bell charged with stealing a bicycle, was fined \$5, and Jack Beach, colored, charged with being a party to the theft, was fined \$10.
Benjamin Hughes, colored, arrested by Officers Nicholson and Henderson charged with selling liquor on Sunday, was fined \$50.
Matilda Poindester, colored, arrested by the same officers charged with selling liquor without a license, was dismissed.
Two colored women, charged with vagrancy, were fined \$5 each.
Andrew Brown, colored, charged with allowing a stall to grow in his gutter, was fined \$5.

Death of Mrs. Warfield.
Mrs. Abbie V. Warfield, wife of Mr. Edgar Warfield, jr., died at her home on south Fairfax street shortly before noon today. The deceased had been in ill health for a long time, and recently her ailment had assumed a grave phase. It had been apparent for several days that her death was inevitable, and sorrowing relatives and friends watched the lingering spark of life until this morning when paralysis and unconsciousness set in and the pulsations at the fountain of life ceased. Mrs. Warfield was a daughter of Officer B. F. Bettis. She leaves one child—a little boy. The deceased was a young woman—barely emerging from the third decade of life—and was justly esteemed for her many amiable qualities. The families thrown into sorrow by her demise have the unfeigned sympathy of their many friends and acquaintances.

Funerals.
The funeral of the late J. D. Gaines took place yesterday afternoon from his late residence. Rev. J. P. Stump conducted the services.
The remains of Mrs. Kern H. Crump were interred yesterday. The funeral services were conducted by Rev. J. P. Stump.
The funeral of the late Mrs. Sarah A. Calvert took place from the residence, on north Henry street, yesterday. The services were conducted by Rev. Mr. Morton.

Released on Bail.
Samuel Walner, who last week was sent to jail to await the action of the grand jury, on the charge of the larceny of a watch and money from Mrs. Bertha Heyman, was today released on bail in the sum of \$500 for his appearance before the next grand jury term of the Corporation Court, Mr. Charles Bendheim becoming his bondsman.

New Pavement.
Messrs. Lipscomb & Davis, contractors for the improvements at the postoffice, have received the contract for constructing a first-class granite block pavement with granite curbing in front of that structure. This will be an ornamental and useful adjunct to the new postoffice building.

LOCAL BREVITIES.
Miss Minnie W. Henderson has sold to Messrs. Garrett & Monroe a lot in the square bounded by Pitt, St. Asaph, Cameron and Queen streets, for \$300.
The infant son of Mr. Louis and Mrs. Eva Acres died at the home of his parents, 412 1/2 Queen street, yesterday. The remains were forwarded to Fredericksburg by Mr. B. Wheatley for interment.

Messrs. C. H. Smith, C. R. Hoof, jr., of this city; Porter Brothers, of Manassas; C. W. Smith, of Warrenton, and Russell Smith, of Culpeper, have entered horses for the Orange Horse Show this week.
Alfred Thorne, a youth twenty-two years old, who carries his heart on the right side instead of the left, was fined \$40 in Washington on Saturday for the larceny of \$30 from Emil Krulish and \$10 from William Spaid.

Fried clams, 30c dozen; clam soup, 10c; soft shell and deviled crabs, 10c each, every Monday, Wednesday and Friday at C. H. Zimmerman's.

WAR IN THE EAST.
A battle was fought Saturday near Tatchekiao attended, it is believed, with heavy losses. The progress of the battle was watched by many people in Niuchwang from the roofs of houses. The day was clear and the smoke of the guns could be plainly seen.
News has reached Tientsin that a battle is raging outside of Niuchwang. In the engagement of Saturday the Russian losses are reported to have been 700. The Japanese are slowly nearing Niuchwang. Great excitement prevailed in that city during the fights. A report from Niuchwang states that Saturday's battle was at Ta Hui Tong, six miles distant and that the Japanese were successful. Many Chinese refugees arrived at Niuchwang have reported that nine Japanese gunboats from Port Arthur have arrived at Tah Ting Shan.

Vladivostok cruisers were sighted at 7:20 o'clock yesterday morning, thirty-five miles south of Izu promontory. They were accompanied by a merchant steamer which it is supposed they had captured, and have since sunk. At 10 a. m. the squadron steered westward. The immediate object of the squadron is apparently to intercept trade between America and Japan. The vessels are evidently steaming slowly, in order to economize in coal. All possible steps have been taken by Japan to suspend the traffic, but steamers en route for Canada and San Francisco are in serious danger from the cruisers.

Worst of all Experiences.
Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Deatur, Ala. "For three years," she writes, "I endured insupportable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by E. S. Leadbeater & Sons, druggists.

SEIZURE OF VESSELS BY RUSSIA.
Advices received at Port Said say that the Russian volunteer fleet steamer Smolensk fired three blank shots across the bows of the British steamer Ardova, the cargo of which consists of coal and explosives, and the vessel not stopping, the Smolensk sent two loaded shots at her, one of them passing over her amidst ships and the other over her stern. The Ardova was then seized and her crew transferred to the Smolensk. The vessel will be brought to Suez. The Ardova, Captain Smith, sailed from New York, June 15, for Manila. She arrived at Port Said July 11.

Any action which may be taken regarding the seizure of the British ship Ardova by the Russian volunteer fleet steamer Smolensk is a matter for the British government. It is not a matter which in the least concerns the United States. This is the view taken in official circles in Washington. However, the decision of the Russian government to withdraw the authority given to the volunteer fleet to make searches and seizures simplifies the situation very materially. Presumably in view of this new attitude of the Russian government the Ardova will be released promptly, the seizure disavowed and the incident will be closed without delay.

A dispatch from St. Petersburg says that Russia, in response to Germany's protest, sent a dispatch to Port Said ordering the immediate release of the Hamburg-American Line steamer Scandia which had arrived there and was awaiting instructions. The official report of the seizure of the Scandia, received from the German consul at Suez, says that the Russian volunteer fleet steamer Smolensk encountered the vessel at the Island of Perim, in the Straits of Bab-el-Mandeb and that she was seized notwithstanding the fact that her captain showed from the manifest that there was no contraband of war on board. Twenty-five Russian officers and seamen were on board the Scandia when the report was sent, and it was the intention of the Russians that the passengers and a portion of the German crew should be landed at Port Said.

Grand Duke Alexis presided at Saturday's council, which Count Lamsdorff, the foreign secretary, and Vice Admiral Avellan, chief of the admiralty department, and other high naval officers attended. The result of the conference removes all doubt concerning the present attitude of Russia with regard to the volunteer fleet. The validity of the view expressed in the British note regarding the irregularity of the position of the vessels was so far admitted that the council agreed to waive the right of search.

It is stated that as the result of the protests made by Sir Nicholas O'Connor, the British Ambassador, Tewfik Pasha, the Turkish foreign minister, has given the necessary orders to prevent any attempt which may be made to take the Peninsular and Oriental steamer Malacca or the Russian volunteer fleet steamers St. Petersburg and Smolensk through the Dardanelles into the Black Sea.
